

12 Environmental Education Podcasts for Earth Day

Description

Big fan of podcasts? You're not alone. In 2020, more than 100 million Americans listened to at least one podcast each month. Podcasts can provide access to on-the-go environmental education. But with millions of episodes available to download, it can be challenging to know where to start if you are new to the platform. Below, we've curated a list of thought-provoking, informative, and entertaining environmental podcasts, just in time for Earth Day 2021. These podcasts will transport you to the outdoors and introduce you to fascinating stories from the world of conservation.
