

**Bold steps go Further: Bain & Company's integrated suite of ESG capabilities...**

## **Description**

Bain & Company announced today the launch of FurtherSM, its integrated suite of ESG capabilities to deliver the firm's collective ambition of creating a more sustainable, equitable and inclusive world. This announcement builds on Bain's decades of industry leadership, working to create transformative impact against the world's most pressing challenges, including the sweeping effects of climate change,

structural inequities and environmental degradation.
