

## PECO Pallet expands dedicated network with company-operated pallet management depot in Memphis – Modern Materials Handling

### Description

PECO Pallet, Inc., one of North America's largest providers of pooled rental pallets to the beverage, grocery, and consumer products industries, announced today it has launched a PECO-owned and operated depot in Memphis. The facility becomes PECO's eighth company-operated facility in North

America. The Memphis site complements more than 80 additional pallet management locations operated by contract partners, typically businesses also involved in commercial and industrial packaging supply, warehousing and freight operations.
