

Sustainability Summit –

Description

The theme of this year's Sustainability Summit is Social Responsibility: Cultivating Civic Engagement. Sustainability is a system thinking approach that addresses equity (people), the economy (prosperity) and the environment (planet). All three are interconnected. If one of these areas is ailing, then

eventually they all will be affected. This year's conference examines the idea that citizens have a social responsibility to make a positive contribution to their community. And it offers suggestions for how to make that contribution.
