

What We Can Expect From Sustainable Design in 2021

Description

With the climate crisis continuing to mount, the design world will undoubtedly focus on sustainability in the new year. In order to get a sneak peek of what 2021 might have in store, we asked industry experts what trends they envision for the future. Based on their responses, we expect to see an emphasis on the classic principles of “reduce, reuse, recycle,” which will manifest in minimalism, DIY upgrades on vintage pieces, and a dedication to reclaimed materials.
